Abstract: Providing secondary transition services is required by the Individuals with Disabilities Education Act (IDEA; Pub. L. 108-446) which requires that schools develop a plan through the Individualized Education Program (IEP) to assist students in reaching post-graduation goals. BIE-funded high schools coordinate and implement high quality secondary transition programs for all students with disabilities, 16 years and above, in preparation for life after high school. The collected information will support the BIE Division of Performance and Accountability (DPA) in improving the efficacy of secondary transition programming, providing professional development to staff at BIE-funded high schools, identifying priorities for future technical assistance, and serving as a data measure to be included within BIE's State Systemic Improvement Plan.
